# Comments and Suggestions from the participants.

- TBCSD should mainstream its efforts on addressing climate change, which is a critical national and global environmental issue. TBCSD can contribute support the country efforts to achieve Thailand's Carbon Neutrality by 2050 and net zero GHG emissions target by 2065 by facilitating the public-private sector collaboration, promoting low carbon business initiative among the members and accelerating contribution of business sector toward the Carbon Neutrality and net zero GHG emission targets.
- Clear business plans for short-term, medium-term and long-term and systematic reporting for enabling TBCSD members to work together on climate change must be developed.
- TBCSD joint planning operations for the Thai business sector to be a good role model and working with other sectors to present a plan to deal with various problems and practical guidelines for concrete results, including data collection and results are reported systematically.
